

End Of Life Notification

M-Systems hereby announces the End of Life (EOL) of its CompactFlash products, comprised of:

Product	Capacity (CCC)	Last Order Date	Last Delivery Date
CF-CCC-L	8-320MB	February 15, 2002	August 15, 2002
CF-CCC-S	8-320MB	February 15, 2002	August 15, 2002

Reasons for the EOL:

The products above are being discontinued due to the following reasons:

- The ATA controller used in both products has been discontinued by the manufacturer; and
- M-Systems has made a strategic decision to focus on its three main product lines, where the advantages of its technology are clear: i.e., the DiskOnChip, FFD and DiskOnKey product lines.

Order Backlog:

All orders for CompactFlash that have previously received will be supplied to customers as scheduled.

EOL Terms:

All new orders received from today until February 15, 2002 cannot be cancelled or returned by the customer.

M-Systems will do its best to provide technical support for existing customers migrating to other products.
